50" ATV / UTV Ride

## May 2018 is in the Books!

The weather was incredible, allowing for another great ride on May 12th from Country Lane to the hills. While the snow stopped riders just short of making the top of the mountain, it didn't hamper spirits any after having BBQ sandwiches and salad for lunch. Thanks to Lisa Schott. The ride proved educational for some as well. With one rider getting a lesson in removing the brake caliper to make it back to the camp, after his RZR suffered a bad bearing and what appeared to be a bent caliper. Read more about it in the VP section on page 2. The only food item that didn't fair so

well was the bounced around cupcakes. Although that didn't detour too many from scooping up the frosting and biting down on them. Thanks again to Rich & Lisa

## Lost Moose Campers...

enjoyed the Memorial Holiday weekend riding and even stopping by the ice cream shop pictured below.

It was reported the campground was full again this year with a dinner, breakfast and Movie night provided in between riding the surrounding mountains.

Thanks to the Fred, Steve & April (Lost Moose gang) for hosting the nice place to camp, and the event ride leaders and cooks for organizing the event.

## Silver Valley Rally ~~June 23rd, 2018~~ CANCELLED

**HOLD THE PHONE**— The club is having a ride / campout with a twist as we'll be having a poker run on the club ride for members and their guest only that day instead. Complete with sub sandwiches available for those who signed up online and request them by the deadline. June 21st, 2018. See more info on page 3

## Welcome New Members

Todd Fencil  
Scott & Sue Field  
Brett Powers  
& Morgan McKitrick

June is here, the snow is melting, and the trails are getting used again. And by now you probably heard, but in case not; last month Bob Case, Rich Schott, Steve Powers and I rode the two possible routes planned for the poker run and found too much snow up high to insure we would have a safe loop route to offer the general public, so it was mutually agreed we should cancel the event.

However, plans were made to keep the campout on in Wallace and plan a the poker run ride for members and their guests only. This could prove to be just as fun for all involved and allow the club to incur less possible costs associated with the previously planned poker run, in the event the route fell through.

That being said, I emailed the club members with emails and spread the word we are still going to have a blast with the planned event with a twist. We may even get to ride one of the planned routes if the snow keeps melting off in time.

The difference is we didn't order t-shirts, but will have sandwiches available only for those who signup online and request them. If you don't want to purchase a Sandwich it's no problem just pack a lunch.

We'll still be offering a new skill based Poker Run with a Silver coin toss planned. So mark your calendars and plan to come up to Wallace on June 23rd for a fun day. If all goes well Bob Case may also lead a "follow me Bob" ride sure to be an extremely fun ride over the weekend as well. (Ride likely on Sunday.) Both rides would typically start at 9am. And, the hands for the poker run can be purchased before the ride at our trailer in the Wallace RV Park. Sight number yet to be determined. (Look for the Denali RV trailer.)

Time is going to fly by again this summer, so please plan to attend at least one trail maintenance events if possible. This makes the trail clearing go much quicker and helps insure we meet our agreed upon hours agreement with the F.S.

With so much to be thankful for, I just wanted to give a shout out of thanks again to the two campgrounds Country Lane and Lost Moose as several us had the pleasure of visiting and riding ATV's from recently. Another thanks to our camp cooks and ride leaders, sounds like everyone enjoyed themselves and had nothing but good times again this year.

Also wanted to Thank Bev Swanson for being the membership director this past year. That being said if you are interested in helping with that position just let me or any of the officers know.

July will be here before you know it, so this month's newsletter is combined with July. So if you're marking items on your calendar be-sure to mark down the July events, including the meeting, trail maintenance and rides.

Hope your 4th of July celebration is the best ever.

Ps. Remember to sign up for the ride events asap and the trail maintenance to allow planning to occur for event leaders.

**From the Vice President***Frank*

Greetings to new club members and old friends,

I'm sure some of you have probably heard, Frank, or myself preach on the merits of riding with a group, you know, safety in numbers. Some of you that were on the Country Lane ride on Saturday, May 12th might remember I had a little issue with the passenger side front wheel on my 2008 RZR. As it turned out, the cone on the hub of that wheel snapped completely off. I was able to baby my rig down the mountain, but without the help of others on the ride, I may not have been so fortunate. Special thanks to Joe Sheasby and all who had a hand in getting my rig in safe enough condition drive back to Country Lane. For anyone who has a 2008 RZR, we should have a chat about a potential mechanical issue.

Thanks to all who attended the Memorial Day campout and rides at the Lost Moose Campground. As usual our friends at the Lost Moose, Fred, April, and Steve were gracious hosts. The weather cooperated quite nicely with enough rain on Friday night to make the Saturday ride outstanding and pretty much dust free. Kudos to Dennis Falconer for leading a well paced ride to Pinehurst for ice cream. A second shout goes out to Dennis and Jeannie Falconer for organizing and hosting the club BBQ/pot luck on Saturday night and the club breakfast on Sunday morning. Thanks to all who helped with cooking and clean up.

For those that are available to donate a few hours of time, there are 2 scheduled trail maintenance days in June, on the 9th and the 16th and another in July on the 21st. Please sign up if you can help.

Hope to see you on the trail, *Dan Loughlin*

*In case of changes or cancelations of events, always check the website or call a ride leader or board member listed below to confirm plans.*

**June 9th, 2018**

**ATV/UTV Trail Maintenance Detail**

**Location:** 4th of July Pass

## Who's Who in Business Sponsors

Craig Schuh likes his job! He has worked at his business before it was created. How'd he do that? He started before 1995, before the Deer Park Golf Club came into existence. In 2010, the RV Park and the Golf Club separated into two different operations. Craig is the manager of the golf club. "We are different from a basic golf club," Craig said. "We have a full-sized restaurant, seating 110, and patio. I love to eat, so we have good food here," he added.

He keeps the course maintained with 45 employees (some are part-time). "The city owns the property and we lease the grounds." Craig enjoyed meeting some of our ATV club members this spring and didn't hesitate to join us as a sponsor. He has an ATV but doesn't get to ride as much as he would like. "I use my ATV for hunting mostly," he said, explaining that he works summer days.

Check out the web page for details of rates, but just so you know, they run specials such as Seniors pay only \$24 for 18-hole games, or \$30.50 with a cart, is another special you can get in on. So, if you are looking for a great get-away, try Deer Park. The RV park has 127 spots next door, the golf club has great food, and a pro shop offers custom-made clubs and full-service repair, and lessons with four Pros. Bonus features are the beautiful mountain views, well-groomed fairways and greens. Great for beginners, yet challenging greens, ponds, thick rough, and regular bouts of wind are sure to prove difficult even for veterans of the game.

Find them at 1201 North Country Club Drive, Deer Park, WA 99006. Call Pro Shop (509) 276-5912, Restaurant (509) 276-1882, and on the web at [www.deerparkgolf.com](http://www.deerparkgolf.com). Map available on website.

## Comedy Corner

*The only thing this outdoor enthusiast is missing, is a trailer behind the pickup pulling his ATV/ UTV...*

Drinkin' beer around a camp fire after a hard day riding, first guy says, "...Got my girlfriend a quad so she can come ridin' with me, ..huntin', campin' 'n stuff." .."Nice!" says the second guy. Third guy says, "I just scored a new King Quad for my wife." .."That's great! ..What does she think about it? Does she like it?", asks the second guy. ..."Don't know", says the third. "Haven't seen her since I traded her!"..

Say thanks by supporting those who sponsor your sport first when ever possible!

**Mission Statement**

North Idaho ATV club's focus is to promote the fun and enjoyment that the A.T.V. has to offer, and at the same time support our rights to the use of public lands. Responsibility, Respect and Common Sense are our goal.

All A.T.V.'s, UTVs & Motorcycles riders are accepted regardless of make, model, or power, while promoting SAFETY FIRST. For meeting locations contact — Frank Axtell: 660-1170 or Otto Eggers 659-0693

In consideration of my/our participation in the events and rides of the North Idaho ATV Association, Inc., I/We hereby release and agree to hold harmless the North Idaho ATV Association, Inc., their officers, directors, committees, members, employees, volunteers and agents from all claims. Our main function is to promote fun social activities such as monthly rides and campouts. However, there are times when the club has to take a proactive political stance to help keep our trails open. Membership in the club comes with responsibilities. Our club needs it's members to occasionally volunteer to assist in club activities. Which activity might you assist with? **(Circle one or more please)**

Assist with organizing club rides.	Ride leader	Club officer	ATV Safety training	Trail Maintenance
Write letters to Forest Service, Legislature etc, when needed,	Christmas Party Committee	Poker runs or Scoot n Shoot volunteer help	Writing club newsletter articles	Other
