

## Congratulations to the 2016 Rookie Award Winner

SANDY O'HAGAN

Since Sandy was out of town during the awards ceremony in December, the club presented her with a certificate for "Rookie of the Year 2016" during the February meeting.

Sandy really impressed folks with her riding skills during the State ATV Convention ride in Wallace, Idaho this past August.

Congratulations Sandy! We look forward to many more riding events with you.

### From the President

Haven't had much time lately, as the snow hasn't stopped up north. I see Wallace has had more than it's share in town this year.

Dwayne asked me to mention, if the snow is too deep by the 18th, he may cancel the ride again this month. Who would have guessed the amount of snow we have received this year in the North?

For those who missed last month's meeting, you may or may not know that the ride leaders for this year met and came up with a schedule of events. You will find a short version of the schedule on page 5. If anyone would like to add a ride this summer please call Joe Sheasby with the details as he will be more than willing to help if possible, and get it added to the schedule.

This month's meeting will be a questions and answers session for future events, as we gear up for some spring riding. We'll also be taking nominations for the opening on the Board and officers positions elected next month. If you don't make this month's meeting, plan to attend the April meeting as we'll have elections of officer and Board of Directors business to conduct.

So mark the calendar and plan to attend the next membership meeting Tuesday Mar 14th Hope your March is a safe one! See you at the meeting.

*Frank*

### From the Vice President

Happy March friends & family!

Show of hands - how many think we are going to be able to get back out and ride this month? Okay Joe and Rich, I see you! How about the rest of us? Well I for one am pretty optimistic - or at least I am thinking very, very positive thoughts! Dear Mother Nature, I am so thankful for the increased snowpack, but really? Getting back to our normal kind of winter is a bit of a shock now! Hope you all are surviving all the cold and snow, and are as anxious as I am to get saddled up again!

Just a couple of reminders; Daylight Saving Time starts at 2:00AM Sunday the 12th, so set your clocks ahead Saturday the 11th when you hit the sack. St. Patrick's Day is Friday the 17th. The Spring Equinox is Monday the 20th at 3:28AM PDT. The 2018 Chevrolet Equinox starts at \$24,475. (not a plug really, that just crossed my mind...<wink>) At least one member I know of has a birthday this month. At least one couple in the club will be celebrating their 30th wedding anniversary this month. (and I love you more each day honey <grin>)

Well, I guess that's about all I have this time around. Let me leave you with one of my favorite Robert Brault quotes:

"Folks who tell you, 'Putting it off won't make it any easier,' presume there's a point where you plan to stop putting it off".

Hope to see you all at the meeting! Until next time, remember - "Happiness multiplies exponentially as distance from blacktop increases."

*Otto*
